

# resources visual standards planning taking stock

## Taking stock

Whether you're starting fresh or improving an existing visual standards guide, begin by making a list of all the visual communications you: **presently use** [✓], **will use** [+], and **may use in the future** [?].

This will help you and your creative team look beyond your initial requirements and plan a set of visual standards that work across a wide spectrum of materials.

✓	+	?	Communication	✓	+	?	Communication
